**FOUR SPY SUSPECTS IN FASHIONABLE QUARTERS**

Two Men and Two Women in New York Said to Have Code Messages with High Foreign Officials.

New York, March 19.—Two men and two women of foreign birth, living in fashionable quarters here and said to have had code correspondence with diplomats and high officials of foreign governments were arrested yesterday by agents of the department of justice and turned over to the immigration authorities for deportation.

The four were described as Baron Henri de Beville, Count Robert de Clairmont, Madame Despina Davidovitch Storch and Mrs. Elizabeth Charlotte Nix. Each stopped at a different hotel or apartment. Mrs. Nix is said to have admitted receiving \$3,000 from Count Von Bernstorff. She claims it was a loan. In a safe deposit box rented by Madame Storch codes and much correspondence were found.

**GERMANS TO RETALIATE ON AMERICAN PROPERTY**

Kaiser's Foreign Office Sends Word by Spanish and Swiss Ambassadors.

London, March 19.—The Spanish and Swiss ambassadors at Berlin have been notified by the German foreign office to notify the American government that Germany will proceed with measures against American property in Germany in the same proportion that action is taken against German property in the United States. Reuters' Amsterdam correspondent reports.

Hitherto, it is stated in the Berlin advice announcing this action, the German government has restricted itself to measures "absolutely necessary to prevent enemy property in Germany being taken out of Germany during the war and thereby possibly benefiting Germany's enemies."

Washington, March 19.—There is 100 times as much German property in the United States as there is American property in Germany, according to estimates presented recently to a Senate committee by A. Mitchell Palmer, alien property custodian.

The greater part of American property in Germany is represented in Standard Oil company interests. The German law now enables the German government to do with American property exactly what Congress now is being asked to do with German property in America. The Senate has passed legislation authorizing the alien property custodian to sell the property holdings of great German organizations in the United States so that they may not serve as the outposts of Kultur after the war.

**CALLS FOR \$10,000,000,000**

Bond Bill Coming from the Secretary of the Treasury

INTEREST RATE WILL BE 4½ PER CENT.

The Bill Will Provide for Large Loans to Our Allies

Washington, March 19.—A total of approximately \$10,000,000,000 in bonds, including long and short term securities, will be called for in a bill which is being prepared for Secretary McAdoo and which will be introduced in the House within ten days. Statements to this effect were made yesterday by members of the House committee on ways and means, who said the bill will be given right of way in the House and the Senate, and will be signed by President Wilson before April 6, when the third Liberty loan will start.

Members of the committee said they had been informed that the interest rate will be fixed at 4½ per cent. The bonds will be made convertible into other long term bonds and will be made salable. Other provisions probably will be left to Secretary McAdoo.

The bill will not authorize the further issue of certificates of indebtedness of war savings stamps. An issue of \$4,000,000,000 certificates of indebtedness has been authorized and it is felt that this is sufficient to take care of the month to month needs of the treasury department. The \$2,000,000,000 in war savings stamps authorized in the last bill may fill the demand all through 1918.

A part of the bonds to be authorized by the coming bill will be to cover loans to the allies. Mr. McAdoo is waiting only for cablegrams from abroad before fixing the exact amount. The large loans made by America to the allied countries have been used up and more loans will be authorized in the coming bill.

A revenue bill will have to be introduced toward the end of the session. It was contemplated some time ago to put through a bill correcting many mistakes in the last measure and interpreting some of the provisions of that act, about which there has been misunderstanding. This plan has been abandoned at least until important war legislation pending before Congress shall have passed, principally because opponents of the bill have threatened to load it down with a large number of amendments.

The last revenue bill assessed an excess profits tax on the salaries of business and professional men, but exempted members of Congress by providing that the taxes did not apply to government officers. Such a storm of public dis-

TOTEM cigars will continue to retail at 5c. And TOTEM cigars will continue to be made as good as we know how to make them. We shall protect the dealer in his fair profit and we shall protect the smoker in the full value that he expects in the TOTEM 5c cigar.

Why? Because we are more interested in the FUTURE GOOD WILL of dealers and smokers who buy twenty-four million TOTEMS a year than we are in demanding full profits, in a year of sacrifice and suffering.

**PIMPLES ALL OVER FACE AND BODY**

Turned to Blotches. Disfigured Face Very Much. Cuticura Completely Healed.

"I broke out in small pimples all over my face and body. They soon turned into blotches that were large, and very red, and disfigured my face very much. They itched and burned and I kept at them so that I irritated the breaking out. I could hardly sleep."

"The trouble lasted three weeks before I used Cuticura Soap and Ointment. I was soon relieved and I used about one cake of Cuticura Soap and one box of Cuticura Ointment when my face was completely healed." (Signed) Miss Eva Dussault, 14 Avery St., Providence, R. I., Nov. 23, 1917.

Stop the use of all doubtful soaps. Use Cuticura for all toilet purposes.

Sample Each Free by Mail. Address postcard: "Cuticura, Dept. H, Boston." Sold everywhere. Soap 25c. Ointment 25c and 50c.

**CHAIN STRETCHED ACROSS TRACKS TO KILL SOLDIERS**

Engineer of Burlington Train Finds Obstruction—Planned to Ditch Special Trains Bearing Men on Furlough.

Aurora, Ill., March 19.—As a Kansas City-bound passenger train on the Burlington railroad was leaving Aurora Sunday night, the engineer discovered a steel chain hooked across the tracks, which are on a hill elevation 30 feet high. Officials think enemy plotters stretched the chain in the hope of ditching Camp Grant furlough specialists.

**A SPY WITHIN OUR LINES.**

Alert Sentry Fires Through Window of House.

With the American Army in France, March 19.—American intelligence officers report evidence that a spy is at work within the American lines northwest of Toul. Early Sunday morning an American sentry saw flashes of a signal light from a window facing in the direction of the enemy lines. He fired through the window and dashed into the house, but failed to find anyone. Four hours earlier some important telephone wires within the American lines were found to have been cut.

**SINN FEINERS FIGHT POLICE.**

Hurley, Bâtons and Stones Used in a General Mix-Up in Belfast.

Belfast, March 19.—In the rioting between a mob of Sinn Feiners and the police in the Nationalist quarter of Belfast early Sunday, hurley sticks, clubs and stones were the chief weapons, but some revolver shots were heard. The trouble lasted from midnight until 4 o'clock in the morning and many persons, including some policemen, were sent to hospitals.

The Sinn Feiners had announced they would hold a meeting in St. March's hall,

ley sticks were brought into play at once, the police drew their batons and charged at double quick. A stiff fight ensued, sometimes leading up back alleys. It was not until the military were brought to the scene that order was again restored.

**Filene's**

**Everyone should know about Filene values**

Here's the formula:

**1st. STEADY PLUGGING RATHER THAN SPASMODIC EFFORT**

The Filene policy aims at fullest possible value in every department every day. How much better this is than occasional "bargain sales" benefiting only those people who read the advertisement and are in a position to respond on short notice. Filene values are democratic. They are here at your service whenever you choose to come. "Sales" do NOT result in the greatest good to the greatest number. Nor do they permit of the good service which is so important a part of every satisfactory transaction.

Our basement store is not an exception to this rule. It sells nothing but merchandise underprice, all the time, taking service and variety entirely secondary.

**2d. DAILY CORRECTION OF MISTAKES, KEEPING STOCKS FRESH**

Being human our buyers make mistakes. This store has gone farther than any other we know in perfecting systems for correcting these mistakes promptly and replacing the unwanted goods with others that are in demand. In some departments this system has been brought down to the fine point of daily inventories.

**Send for Filene Spring Style Book**

Forty illustrated pages of Spring clothes for women and children—all good new styles and all Filene values. We want all our friends who live out of town to have a copy of this book. Free upon request. Address Mail Service. Mention this paper.

**3d. SPECIALIZATION IN BUYING**

Although we sell clothes only, we have more departments than stores that sell everything from hardware to groceries. Each department has its buyer whose duty it is to know all there is to know about his comparatively small field of merchandise. These buyers are in the market constantly. Representatives in Paris and other style centers feed them continuously with news by wire and mail, with sketches and with actual merchandise, making sure that nothing new or good escapes. The sole duty of these buyers is to buy—to know what the people want and to furnish these things in the best variety and the best quality available at the price.
